

TO USE

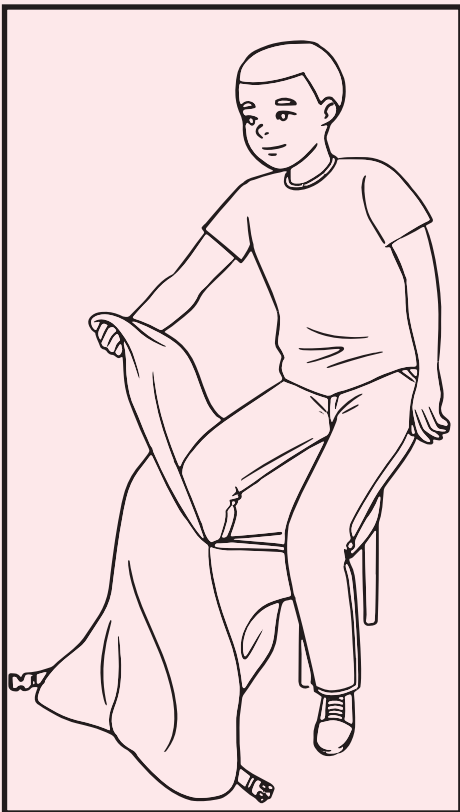

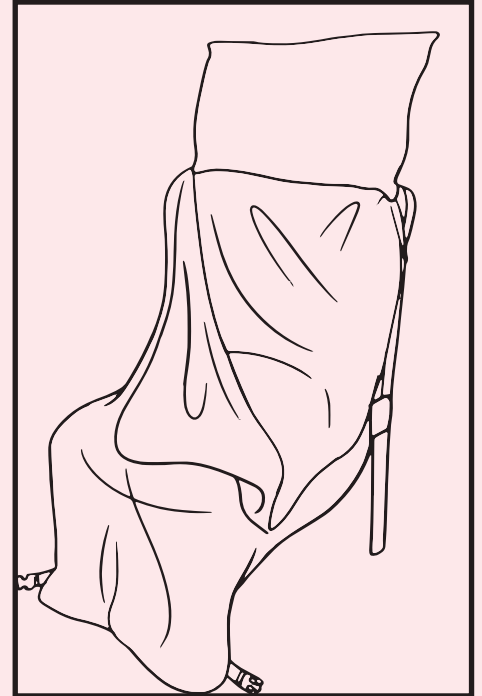

Unclip and unfold
cozeepod™

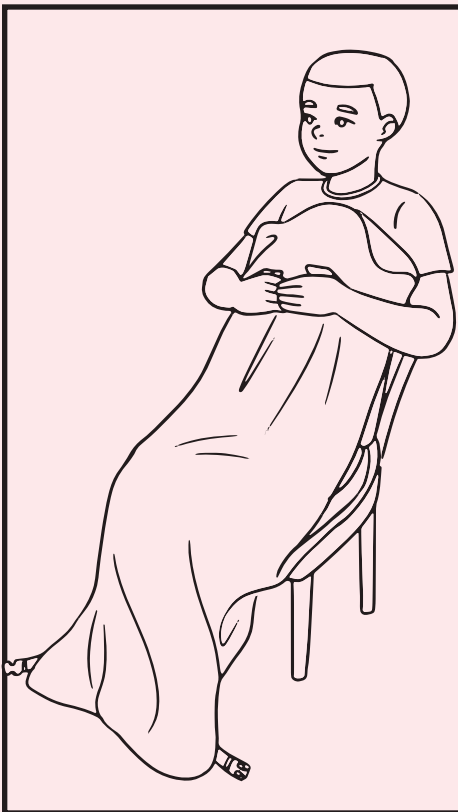

Inflate pillow to your
comfort requirements.*

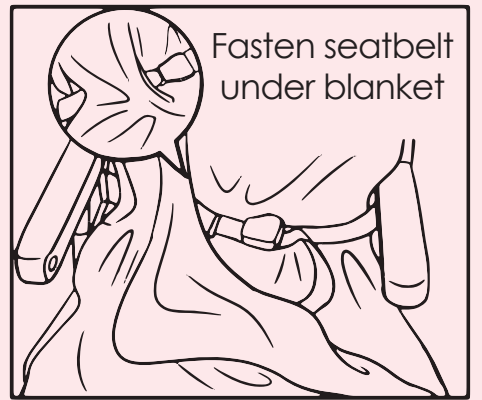

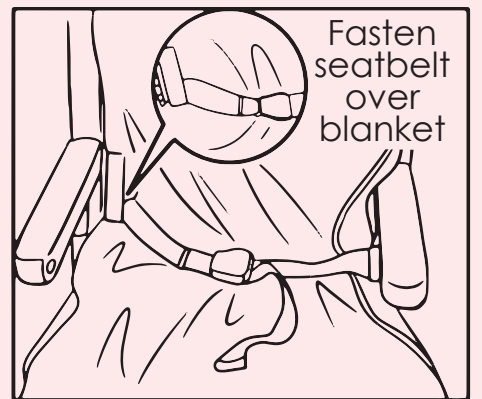

Place cozeepod™ on
seat, leaving the front
cover open

Step into the cozeepod™

Sit down on seat

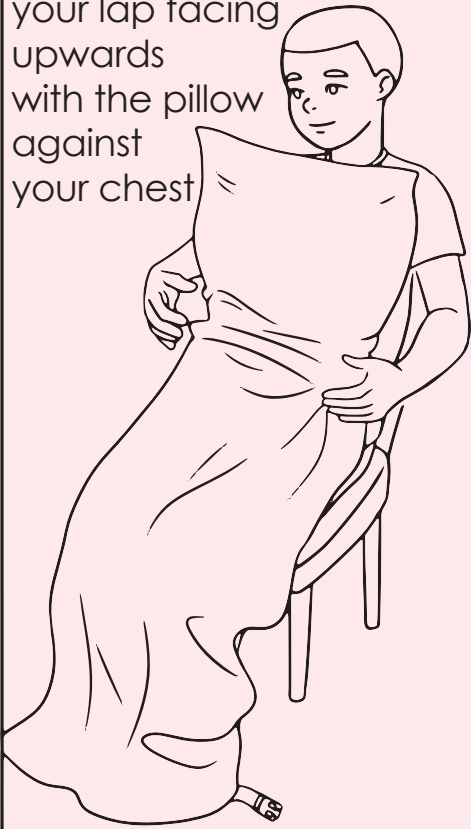

If using on an airplane,
feed seatbelt through
the hole or through the
loop

* Push button should be pushed in to prevent release of air during inflation

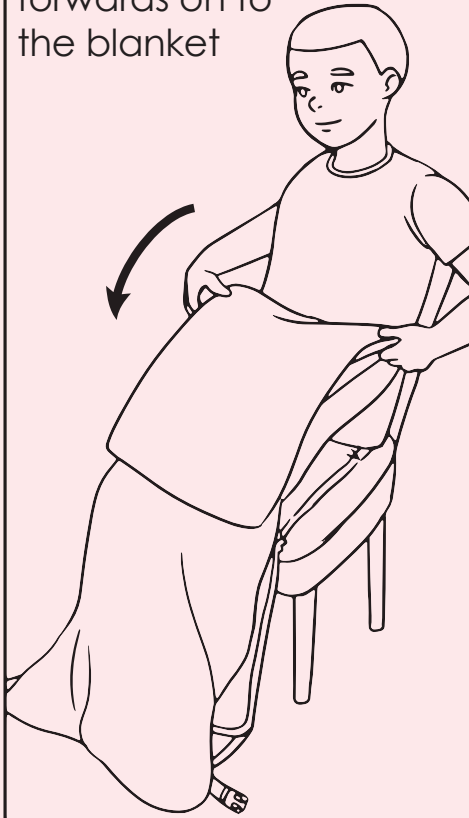

TO STOW

- Unfasten seatbelt and feed it back through hole or loop
- Step out of the cozeepod™
- Deflate pillow using push button release valve

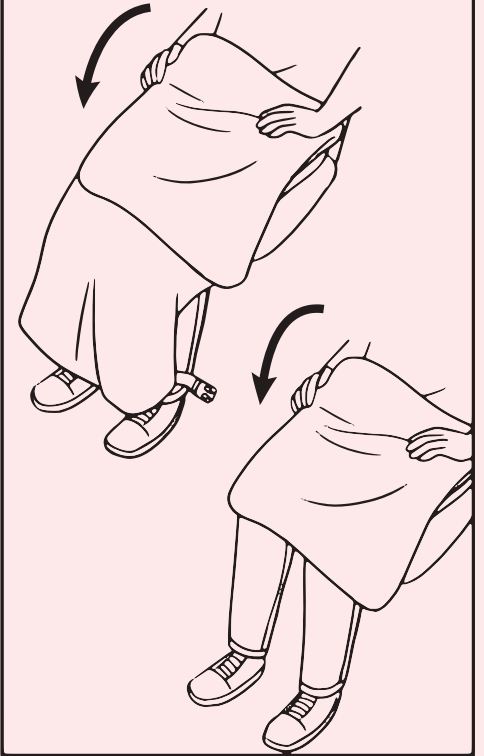

Lay the cozeepod™ on your lap facing upwards with the pillow against your chest

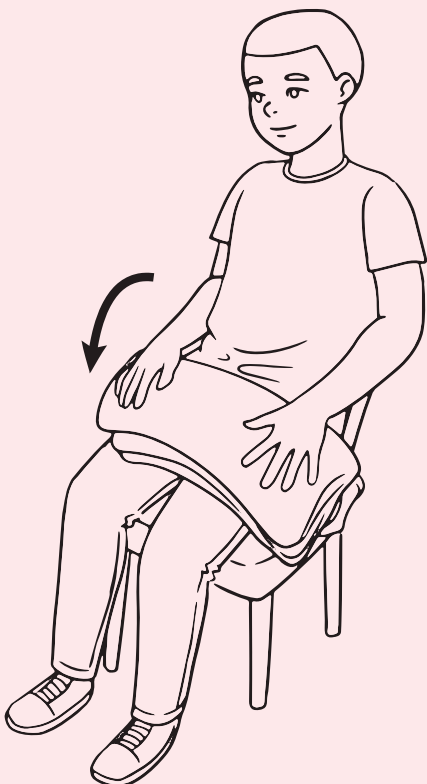

Fold the pillow forwards on to the blanket

Fold twice more

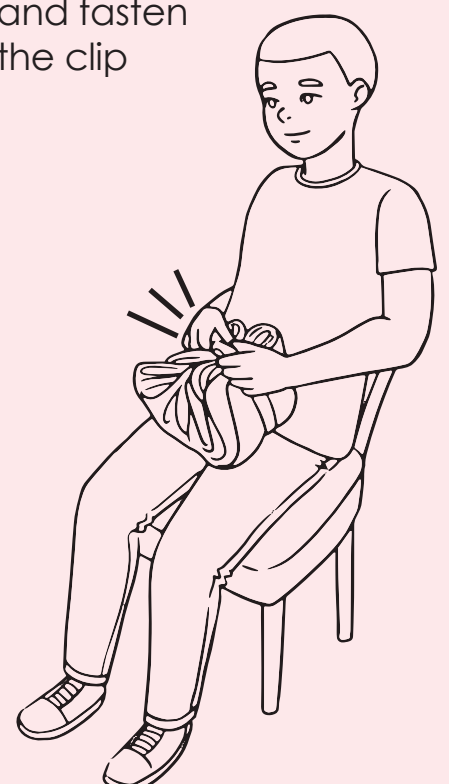

Fold in half

Now with the cozeepod™ across your lap, use your hand to fold in the centre

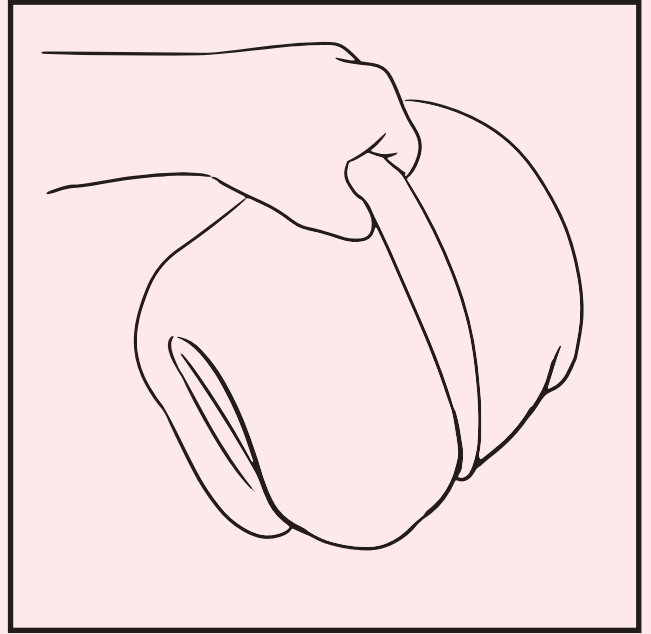

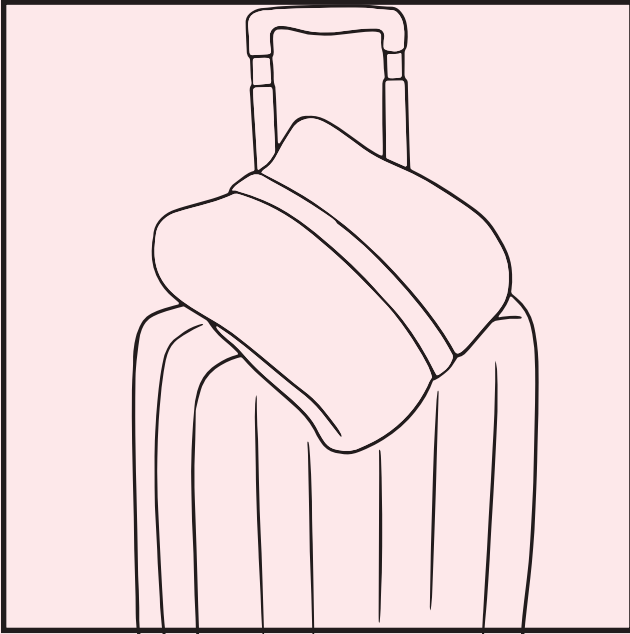

Bring the ends together and fasten the clip

TO CARRY

- Place in your hand luggage, or
- Clip onto your hand luggage, or
- Carry the cozeepod™ using its built-in handle

WASHING & CARE

- For small marks or spillages, we recommend using a damp cloth
- Fully remove inflatable pillow before washing blanket
- Machine washable at up to 40 degrees Celsius
- Do not tumble dry
